March 4: John Cowan w/ Darin & Brooke Aldridge \$23 adv.*

John Cowan, also known as the *Voice of Newgrass*, has been singing his heart out for 35+ years, his soaring vocals have only improved with time. Cowan's rise to fame began in 1974 when he auditioned as the bassist for the then up-and-coming **New Grass Revival**. With his distinctive, rock-tinged tenor vocal and heart-thumping electric bass, John, along with fellow **New Grass Revival** band mates **Sam Bush**,

explosive, experimental and ultimately, eponymous brand of bluegrass. The "New-Grass" sound spawned a slew popular "new" Bluegrass Jam bands.

After **New Grass Revival** disbanded in 1990, John recorded a series of critically acclaimed solo albums in addition to playing bass/vocalist with the current **Doobie Brothers** and more.

Darin & Brooke, who share management with **Cowan**, had the **#1** song for December on the *Bluegrass Unlimited National Chart* with a remake of a Johnny Cash's song "*Tennessee Flat Top Box*" as well as the **#6** song on the *Bluegrass Today* chart with "*Annabelle*" off of their critically acclaimed new album "*Snapshots*." also in the band is crack banjoist **Tyler Collins** + longtime **Cowan** band-mate **Shad Cobb**.

John(left), Sam Bush

Courtney Johnson, and **Curtis Burch**, and later **Béla Fleck** and **Pat Flynn**, introduced a new generation of music fans to an

Chet Atkins called **Pat Donohue** one of the greatest fingerpickers in the world today.

March 18: Pat Donohue \$15 adv.*

One of the most listened to fingerpickers in the world. Having been a songwriter and guitarist for 20 years for "*The Guys All Star Shoe Band*" of Minnesota Public Radio's "*A Prairie Home Companion*," Armed with savvy licks, distinctive original songs he played to millions of listeners each week.

Now you have a chance to catch him at **Fogartyville**, it ain't *Wobegon* but its close.

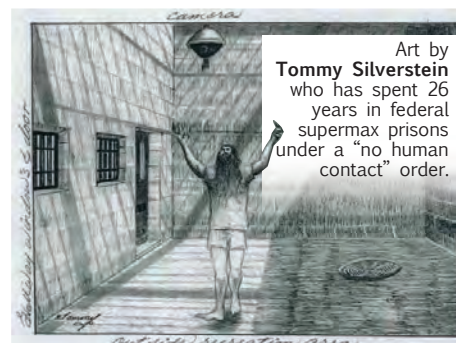

COMMUNITY RADIO IS A SHARED EXPERIENCE.

Have you ever gotten locked in your bathroom or stuck in your house during three plus days of rain and felt like you couldn't get outside? BY: DAVID BEATON

Can you imagine solitary confinement in a prison?

Seeing one hour of daylight a day from the inside of the 10 foot fence with black plastic so the only thing you can see is the concrete or the sky. I have a friend who at 17 was involved in an armed robbery and someone was killed. He spent 30 years behind bars. There aren't any bars there, it's all concrete walls.

- ☛ Could you spend one day in a Supermax prison?
- ☛ Do you believe in forgiveness? Do you practice it?
- ☛ Do our social structures practice it?

President Obama announced this month that he is going to do away with solitary confinement for youths in Federal prison. What of adults? We are social animals. We are

connected to one another and when we break these connections bad things happen. Lone gunman, terror cells, sociopath tendencies arise. We must maintain our links to each other, to care for each other, to work with each other, to play with each other. This is what makes us human. Shared experiences.

Community Radio is a shared experience. We want to thank **you** for being part of the experience. We are made up of people from all walks of life young, old student/teacher, rich & poor. Many nationalities, many biases, and many life experiences that come together to bring Sarasota community radio, **WSLR**.

Danny C., our doo-wop programmer has left us for that "great street corner in the sky" where all the voices blend together harmoniously. We will miss you Danny. We wish our always cookin' **Dadee-o** (recent hip replacement), a speedy recovery!

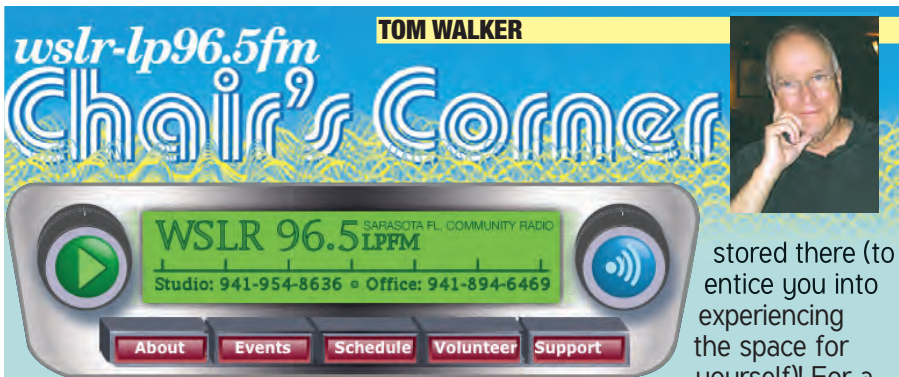

Please note...

The current exhibit at **Fogartyville** focuses on the **Attica prison riot of 1971**. Let's not forget the past.

Danny C.(left) with Donny Cruz(right), original member & lead singer of the **Metros** (aka **Crystals**)

HELLO, AND THANK YOU FOR BEING A WSLR MEMBER, LISTENER, OR READER!

We've been improving the technical aspect of our station recently. If you have a smartphone or device (who doesn't? these days), there's a link on our main page for Apple & Android apps that let you listen when you're in the gym, out for a walk or, of out of our **low power** (about a 10+/- mile) range.

You can, of course, listen via our homepage at **WSLR.ORG**.

Hit the "play button" on our radio (volunteer supplied art work). We are improving our antenna signal too! We generate about 1/3 of our power needs by harvesting the power of the sun. We have plans to add more solar panels soon.

(We live in the **Sunshine State** after all.) If you've missed a favorite show or want to find out what a show is like: **use our new archive feature at <http://archive.wslr.org>**.

Your favorite music shows are kept online for two weeks (14 days), and talk shows— forever.

Or maybe you'd like to see the playlist of the programs airing today. Just **click on the playlist button** or go to confessor.wslr.org/playlist/pl_daylist.php. For a different day, just click "Another date?"

Finally, to watch many of our recent live performances at the **Fogartyville Community Media and Arts Center**, go to **Youtube** and enter "**WSLR**" into the search box. There are hundreds of great videos

TOM WALKER

stored there (to entice you into experiencing the space for yourself!) For a list of upcoming WSLR events

see back page or go to **wslr.org/station-events**

— there's something for everyone.

Our week-long **Spring Membership Drive** will take place **March 17–23rd**.

Please use this time to renew your membership and take advantage of some of our great "thank you" gifts. Remember, we run **no commercials** and we give you the **local**, national and international news and public

affairs that **affect Sarasota** and beyond as well as serve **ALL of your musical tastes** (some you may not have known you had). Almost all of our funding comes from **you**, either when you donate, or when you attend one of our many live events.

Our listener survey has concluded (**thank you!**) and we'll be posting some of the results soon. But you can call anytime with your feedback or suggestions. Studio line is **941-954-8636**, office line is **894-6469**.

We invite you to visit, and to join our community of 100+ volunteers. We train novice programmers and news reporters. We are located in downtown Sarasota between Fourth and Sixth Streets at **525 Kumquat Court**, between Lemon & Orange. Our board meetings are **open to the public** and take place at the station **7pm third Mondays of each month**. So, thanks again for helping to make **WSLR 96.5 lpFM** one of the best community radio stations in the country!

LET'S KEEP IT STRONG IN 2016 AND BEYOND!
